Blood of the Daleks is a great "jumping on" point for the Eighth Doctor adventures - a classic Doctor Who runaround, with very strong guest casting and a great cliffhanger between parts one and two, the return of the Daleks. The soundscape makes Red Rocket Rising a truly barren place, and the familiar "unk-unk" pulse of the Dalek spaceship interior sends a shiver down the spine.

Blood of the Daleks is an interesting piece of Doctor Who lore. It isn't the first of Paul McGann's audio adventures in the role of the Doctor. While McGann wasn't the first of the performers to work with Big Finish, he recorded his first performance in 2001, half a decade before he recorded Blood of the Daleks.
